

HAEi Connect

Free, secure online membership database and communications platform for HAEi's member organizations

HAEi Connect

Free, secure online membership database and communications platform for HAEi's member organizations.

HAEi Connect offers a secure and stable platform for collecting and storing member information.

- Cloud-based platform
- Ensures data quality through frequent automatic update reminders
- Enables member organizations to send targeted information to its members e.g. clinical trials information, newsletters, surveys

HAEi Connect can also be your communications manager

- Member organisations can send emails directly to a member, segment of members or all members, with the logo and signature of your member organisation
 - » Facilitate quick warning in critical situations e.g. medicine shortage
 - » Send targeted campaigns e.g. family testing, hae day :-) events
- Supports communications in most languages
 - » Please note: communications in vertical languages, such as Chinese, Japanese and Korean are not currently supported

HAEi Connect on Security

- Complies with the EU General Data Protection Regulation (GDPR)
- Encrypted data communication
- 2 factor logins for administrators (password + SMS message)
- Members provide permission for data to be stored and can opt out at any time
- No storage of member passwords, as profile updates will take place via an individually created time-limited link per member

HAEi

HAEi (the international umbrella organization for the world's HAE patient groups).
